Thank you for your co-operation. Once we have collated and processed the data, we would be happy to share the data in summary table/chart form (i.e. we will not share individual school data. Schools face a troika of crises, an almost perfect storm of; recruitment, funding & shortage of pupil places. We are attempting to counter this more effectively with accurate local information.

6. The School did not acknowledge or respond to the request within 20 working days.
7. The complainant subsequently chased the School for a response on 16 November 2015. The School did not respond.
8. The complainant sent another letter to the School on 30 November 2015 asking the School to respond, but did not receive a response.

Scope of the case

9. The complainant contacted the Commissioner on 23 May 2016 to complain about the way his request for information had been handled.
10. Upon receipt of the complaint, the Commissioner wrote to the School on 9 June 2016, providing it with a copy of the request and asking it to respond within 20 working days.
11. The complainant contacted the Commissioner on 15 July 2016 and explained that he had still not received a response to his request.
12. The Commissioner has had to consider whether the School handled the request in accordance with section 10.

Reasons for decision

13. Section 10 of FOIA states that a public authority must respond to a request promptly and "*not later than the twentieth working day following the date of receipt*".

14. From the information provided to the Commissioner in this case, it is evident that the School has not responded to the request within the statutory timeframe of 20 working days. The School has therefore breached section 10 of the FOIA.
15. As the School has still not responded, it must take the steps outlined in paragraphs 3 and 4.
