General powers and duties.

(2) If in regard to any other powers and duties of any Government department relating to mines, quarries, or minerals or the mining industry or the persons engaged therein, whether conferred by statute or otherwise, it is deemed expedient that such powers and duties should be transferred to the Board of Trade, or be exercised or performed by the Board of Trade

A D. 1920. concurrently or in consultation with the Government department concerned, His Majesty in Council may by order make provision for the purpose.

(3) The Board of Trade shall undertake the collection, preparation, and publication of information and statistics relating to the mining industry, and shall co-operate with such Committees of the Privy Council as are formed for the purpose, and any other Government departments concerned, in the initiation and direction of research in relation to matters connected with the powers and duties of the Board of Trade.

(4) His Majesty in Council may by order make such consequential and supplemental provisions as appear necessary or expedient for the purpose of giving full effect to any transfer of powers or duties by or under this Act, including provision for the transfer and vesting of any property, rights, and liabilities held, enjoyed, or incurred by any Government department in connection with any powers or duties transferred, and may make such adaptations in the Acts or regulations relating to such powers or duties as appear necessary to make exercisable by the Board of Trade the powers and duties so transferred.

(5) Before any Order in Council under this section is made, notice of the proposal to make the order and of the place where copies of a draft of the order can be obtained shall be published in the London, Edinburgh, and Dublin Gazettes, as the case may require, and in such other manner as the Board of Trade think best adapted for ensuring publicity.

10.—(1) An area board shall consist of representatives of the owners and management of the coal mines in the area nominated in accordance with the regulations constituting the board by the representatives of the owners and management who are members of the various district committees within the area, and an equal number of representatives of workers employed in or about such mines so nominated by the representatives of workers who are members of the district committees within the area. (3) An area board shall formulate, at such intervals and on such principles as may be prescribed by the National Board, schemes for adjusting the remuneration of the workers within the area, having regard among other considerations to the profits of the industry within the area, and any such scheme when formulated shall be submitted to the National Board for their approval, and, if approved by that Board, shall be referred to the Board of Trade, and for the purposes of this subsection the owners of mines in the area shall furnish to accountants appointed by the area board such information as they may require in order that they may ascertain for the information of the area board particulars of the output, cost of production, proceeds and profits in the area as a whole :

Provided that no such scheme shall be formulated during the period of the operation of the Coal Mines (Emergency) Act, 1920, or, if the Board of Trade so direct, whilst an order made by the Board of Trade under Part I. of this Act as to the distribution of profits is in force.

Provided that in the case of the first payment the amount shall be calculated with reference to the output during the six calendar months ending the thirty-first day of December, nineteen hundred and twenty.

(3) The duty of allocating the money from time to time standing to the credit of the said fund to the several purposes aforesaid shall be vested in a committee consisting of five persons, appointed by the Board of Trade, of whom one shall be appointed by the Board of Trade after consultation with the Mining Association of Great Britain, and another after consultation with the Miners' Federation of Great Britain.
