## CHAPTER 55

An Act to make further provision, as respects England and Wales, with respect to grants to local or police authorities, with respect to the rating of industrial and freight-transport hereditaments and of transport, electricity and gas authorities, with respect to the making of changes in the area, name, status and functions of local authorities, and with respect to local government finance and elections; to amend the law in England and Wales and in Northern Ireland as to the making by trustees of loans to local and other authorities; and for purposes connected with the matters aforesaid. [23rd July, 1958]

**B**E it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

### PART I

#### GRANTS AND RATES

##### *General grants*

1.—(1) For the year 1959-60 and subsequent years the General Minister shall make grants to the councils of counties and county boroughs in England and Wales and the Council of the Isles of Scilly; and those grants shall, save as provided in Part I of the First Schedule to this Act, be in lieu of the grants paid or payable for those years under any enactment passed before this Act in respect of expenditure (hereinafter referred to as "relevant expenditure") specified in the said Part I and not excluded by any provision of Part II of that Schedule.

The grants payable under this section are hereinafter referred to as "general grants", and the said councils as "recipient authorities".

PART I  
—cont.

(2) For each of the said years there shall be a prescribed aggregate amount of the general grants payable to recipient authorities; and subject to the provisions hereinafter contained as to the adjustment of general grants by reference to the prescribed aggregate, and to the other provisions of this Part of this Act relating to general grants, the amount of the general grant payable to a recipient authority for any year shall be the aggregate of—

- (a) the basic grant specified in Part III of the First Schedule to this Act, and
- (b) any of the supplementary grants so specified which are payable in accordance with the provisions of the said Part III,

reduced, if it is so prescribed, by the product for the area of the authority of a rate of such sum in the pound as may be prescribed.

(3) The general grants payable to any recipient authority shall be paid at such times as the Minister may with the consent of the Treasury determine, and shall be payable in aid of the revenues of the recipient authority generally.

(4) The provisions of Part IV of the First Schedule to this Act shall have effect as to the making of adjustments of general grants and of the aggregate amount thereof in respect of matters specified in the said Part IV.

(5) The matters which under this section and Part III of the First Schedule to this Act are to be prescribed shall be prescribed by an order made by the Minister with the consent of the Treasury and after consultation with such associations of local authorities as appear to him to be concerned and with any local authority with whom consultation appears to him to be desirable.

(6) Such an order (hereinafter referred to as a “general grant order”) shall be laid before the Commons House of Parliament together with a report by the Minister explaining the considerations leading to the provisions of the order, and shall not have effect until approved by a resolution of that House.

(7) General grant orders shall be made in advance for successive periods (hereinafter referred to as “grant periods”) of not less than two years, but as respects any matter to be prescribed by a general grant order the order may make different provisions for different years in the grant period.

2.—(1) In fixing the annual aggregate amount to be prescribed under the foregoing section the Minister shall take into consideration—

- (a) the latest information available to him of the rate of relevant expenditure (excluding, except in so far as the Minister with the consent of the Treasury otherwise

Fixing of

general grants,  
and adjustment  
of grants.

determines, any expenditure of a description in respect of which no grant has been paid for years before the year 1959-60), and the current level of prices, costs and remuneration, together with any future variation in that level which can be foreseen ;

- (b) any probable fluctuation in the demand for the services giving rise to relevant expenditure, so far as the fluctuation is attributable to circumstances prevailing in England and Wales as a whole which are not under the control of local authorities ;
- (c) the need for developing those services and the extent to which, having regard to general economic conditions, it is reasonable to develop those services.

(2) The provision to be made by a general grant order, other than the prescribing of the annual aggregate amount of the general grants, shall be such as to secure, to the best of the information available to the Minister when he makes the order, that the aggregate of the general grants for each year of the grant period shall approximate as nearly as may be to the aggregate for that year prescribed by the order and adjusted under Part IV of the First Schedule to this Act.

(3) If, when the general grants for any year fall to be paid, it appears to the Minister that their aggregate will exceed or fall short of the aggregate amount prescribed and adjusted as aforesaid, the Minister shall adjust the amount of the grant payable to each recipient authority as nearly as may be in the proportion which the aggregate amount prescribed by the general grant order, adjusted as aforesaid, bears to the amount, as estimated by the Minister, which would be the total of the general grants apart from this subsection.

(4) If it appears to the Minister that during any grant period any unforeseen increase has taken place in the level of prices, costs or remuneration, and that its effect on the cost of providing the services giving rise to relevant expenditure is of such magnitude that it ought not to fall entirely on local authorities, the Minister may by order (made in the like manner and subject to the like provisions as a general grant order) increase the annual aggregate amount of the general grants, or vary any other matter prescribed by the general grant order, for such part of that grant period (beginning either before or after the making of the order) as may be specified in the order.

3.—(1) Subject to the provisions of this section, if the appropriate Minister is satisfied that a recipient authority has failed to achieve or maintain reasonable standards in the provision of any of the services giving rise to relevant expenditure, being had to the standards maintained in other areas, and is of

Power to  
reduce general  
grant in case  
of default.

PART I  
—cont.

opinion that the general grant payable to the authority ought therefore to be reduced, he may, after affording to the authority an opportunity of making representations, make and cause to be laid before Parliament a report stating the amount of the reduction, the reasons therefor, and any representations with respect thereto made by the recipient authority; and if the report is approved by a resolution of the Commons House of Parliament the Minister may reduce the grant accordingly.

(2) Where the provision of any service giving rise to relevant expenditure is a function of a rating authority in any administrative county, or of a joint board of which the district is wholly or partly comprised in any administrative county, the foregoing subsection shall in relation to that county apply to a failure on the part of the rating authority or joint board to achieve or maintain reasonable standards as it would apply if the failure were that of the county council; but—

(a) in the case of a failure by a rating authority, the amount of any reduction by virtue of this subsection in the general grant payable to the county council shall be recoverable by that council from the authority in default,

(b) in the case of a failure by a joint board of which the district does not comprise the whole of the county, the amount of any such reduction shall be recoverable by the county council from the rating authorities in the county whose areas are wholly or partly comprised in the district of the joint board, the amount recoverable being apportioned among the rating authorities of the areas or parts of areas so comprised in proportion to the aggregates of the rateable values shown in the valuation lists respectively in force for those areas or parts of areas on the first day of the year for which the general grant is payable,

and any sum recoverable by virtue of this subsection shall be recoverable by adjustment of the amount due under the county precept.

(3) Where the provision of any service giving rise to relevant expenditure is a function of a joint board of which the district is wholly or partly comprised in a county borough, subsection (1) of this section shall in relation to the county borough apply to a failure on the part of the joint board to achieve or maintain reasonable standards as it would apply if the failure were that of the county borough council.

(4) The appropriate Minister may make regulations, subject to annulment in pursuance of a resolution of either House of Parliament, for prescribing standards and general requirements for the administration of any of the services giving rise to relevant expenditure; and in determining for the purposes of this section

whether there has been any such failure as is referred to in the foregoing provisions of this section regard shall be had to any such regulations and any other standards or requirements imposed by or under any enactment.

**PART I**  
—*cont.*

*Discontinuance of certain grants*

4.—(1) None of the grants to which this section applies shall be payable for the year 1959-60 or any part of that year, or for a subsequent year. Certain grants to be discontinued.

(2) This section applies to:—

- (a) the grants payable under subsection (2) of section seven-teen of the Ministry of Transport Act, 1919, in respect of the salary and establishment charges of highway engineers and surveyors;
- (b) the grants payable under subsection (3) of section fifty-seven of the Road Traffic Act, 1930 (which relates to weighbridges and other weighing-machines for vehicles);
- (c) the grants issuable out of the Redemption Annuities Account, towards making good the loss of income of rating authorities occasioned by the extinguishment or reduction of tithe rent charge, under paragraph (e) of subsection (4) of section twenty-five of the Tithe Act, 1936;
- (d) the grants payable under section one hundred and one of the Education Act, 1944, to local education authorities for areas in Wales and Monmouthshire;
- (e) the grants payable under section eleven of the Prevention of Damage by Pests Act, 1949;
- (f) the grants payable under paragraph (b) of subsection (1) of section twenty-four of the Vehicles (Excise) Act, 1949 (which provides for grants representing the amounts which if the Roads Act, 1920, had not been passed would have been received by local and police authorities on account of fees or charges for the licensing of mechanically propelled hackney carriages not being public service vehicles);
- (g) the grants payable under subsection (5) of section twenty-nine of the Food and Drugs Act, 1955, towards the repayment of sums paid by way of compensation in respect of milk which is infected or suspected of being infected.

*Rate-deficiency Grants to local authorities*

5.—(1) The provisions of Part I of the Local Government Act, 1948 (hereinafter referred to as “the Act of 1948”) relating to grants under section two of that Act (hereinafter referred to as “Rate-deficiency Grants.”) shall as respects the year 1959-60 and subsequent years be amended in accordance with the following provisions of this section. Rate-deficiency Grants.

PART I  
—cont.

(2) The local authorities to which Rate-deficiency Grants may become payable shall include county district councils, metropolitan borough councils, and the Common Council of the City of London, as well as county and county borough councils, and section nine of the Act of 1948 (which provides for capitation payments by county councils to local authorities in the county) shall not have effect.

(3) The condition for the payment of a Rate-deficiency Grant to a local authority for any year shall be that the product of a rate of one penny in the pound for the area of the authority for that year is less than the standard penny rate product for the area, and the amount of the grant for any year, subject to the following section, shall be the amount which bears to the expenditure of the authority for that year the same proportion as the difference between the said rate products bears to the standard penny rate product for the area for that year.

(4) For the purposes of this section the standard penny rate product for an area is the sum which bears to the product of a rate of one penny in the pound for the year in question for the whole of England and Wales the same proportion as the population of the area bears to the population of England and Wales:

Provided that in ascertaining the standard penny rate product for a county or county borough the population of any county in the case of which the ratio of the population to the road-mileage of the county is less than seventy shall be taken to be increased by two-fifths of the additional population needed in order that the population divided by the road-mileage should be seventy.

(5) For the purposes of this section the expenditure of a county council shall be taken to be so much of the total expenditure of the council for the year in question for general county purposes as would have to be met out of rates levied within the county if no Rate-deficiency Grants were payable.

(6) For the purposes of this section the expenditure of an authority, not being a county council, shall be taken to be so much of the total expenditure of the authority for the year in question as would have to be met out of rates levied within the area of the authority if no Rate-deficiency Grants and, in the case of a local authority within the administrative county of London, no payments under section ten of the Act of 1948 were payable, excluding the cost of the collection of rates, ascertained in the case of county boroughs in accordance with rules made by the Minister for the purposes of this Part of this Act and in the case of a county district or metropolitan borough or the Common Council of the City of London in accordance with the respective rules made under section nine of the Rating and Valuation Act, 1925:

Provided that any expenditure in pursuance of section twenty-five of the Land Drainage Act, 1930 (which enables urban rating authorities to pay to drainage boards the aggregate amount of the drainage rate for any part of their area within a drainage district, and to recover the sum paid out of the proceeds of an additional item of the general rate) shall be disregarded for the purposes of this section.

(7) For the purposes of this section—

- (a) sums payable by an authority by virtue of a precept issued by a county council, in so far as payable in respect of expenditure of the county council for general county purposes, and
- (b) sums payable by an authority by virtue of subsection (2) of section three of this Act in respect of the amount of any reduction in general grant recoverable from the authority,

shall not be treated as expenditure of the authority paying those sums.

(8) For the purposes of this section the amount of expenditure of an authority falling to be met out of rates shall be ascertained without regard to the provisions of section three of this Act or to any reduction of grant made thereunder.

(9) In accordance with the foregoing provisions of this section the Act of 1948 shall have effect, as respects the year 1959-60 and subsequent years, subject to the following amendments, that is to say:—

- (a) in section two, in subsection (1), for the words “1948-1949” there shall be substituted the words “1959-60” and for the words from “the rateable value for a county” to “this Act” there shall be substituted the words “the product of a rate of one penny in the pound for the area of a local authority is less than the standard penny rate product (as defined by the Local Government Act, 1958) for that area”, for the words from “the council of the county” to the end of the subsection there shall be substituted the words “the local authority a grant of such amount as is provided by sections five to seven of that Act”, and subsection (2) of that section shall not have effect;
- (b) for the words “Exchequer Equalisation Grants” or “Exchequer Equalisation Grant” wherever they occur there shall be substituted the words “Rate-deficiency Grants” or, as the case may be, “Rate-deficiency Grant”;
- (c) sections three and four shall not have effect;
- (d) in section one hundred and forty-four, in subsection (4), after the words “1925” there shall be inserted the

PART I  
—cont.

words “ or, if the area is a county borough, as ascertained in accordance with rules made by the Minister for the purposes of Part I of the Local Government Act, 1958 ”.

Limitation of  
Rate-deficiency  
Grant to  
normal  
expenditure.

6.—(1) Where, as respects a year for which Rate-deficiency Grants are payable (hereinafter referred to as “ the grant year ”), the expenditure of a local authority exceeds its normal expenditure as hereinafter ascertained, the amount of the excess shall be disregarded in determining the amount of any Rate-deficiency Grant payable to the authority for that year:

Provided that for any of the first four years for which Rate-deficiency Grants are payable the whole amount of the excess shall not be disregarded as aforesaid, but for the first of those years one-fifth only shall be disregarded, for the second two-fifths only and so on.

(2) For the purposes of this section local authorities shall be divided into the following six groups, that is to say,—

- (a) county councils ;
- (b) county borough councils ;
- (c) metropolitan borough councils and the Common Council of the City of London ;
- (d) non-county borough councils ;
- (e) urban district councils ; and
- (f) rural district councils,

and the normal expenditure of an authority of any group, in relation to the grant year, shall be ascertained as follows.

(3) For each authority comprised in the group, and for the group as a whole, there shall be ascertained the average of the expenditure per head of population for each of the three last years preceding the grant year.

The said averages are hereinafter referred to respectively as the triennial average of a local authority and the triennial average of the group.

(4) For the purposes of this section the population of a county in the case of which the ratio of the population to the road-mileage of the county is less than seventy shall be taken to be increased by two-fifths of the additional population needed in order that the population divided by the road-mileage should be seventy.

(5) If the triennial average of a local authority is less than the triennial average of the group, the normal expenditure of the authority for the grant year is the product of the population of the area of the local authority and the expenditure per head of population for that year of the group as a whole.

(6) If the triennial average of a local authority equals or is greater than the triennial average of the group,—

(a) there shall be ascertained the expenditure per head of population for the grant year of the group as a whole,

(b) there shall be ascertained the ratio which that expenditure bears to the triennial average of the group ;

and unless that ratio is less than one, the normal expenditure of the local authority for the grant year shall be the product of the population of the area of the authority and the amount which bears that ratio to the triennial average of the authority, but if that ratio is less than one the normal expenditure of the authority for the grant year shall be the product of the population and the triennial average of the authority.

(7) For the purposes of this section expenditure for police purposes shall be left out of account, and the Minister may leave out of account any other expenditure of a local authority in so far as it appears to him that by reason of any special circumstances it ought to be excluded.

(8) Subject to the foregoing subsection, the expenditure of a local authority, or of the local authorities comprised in a group, shall be ascertained for the purposes of this section in like manner as for the purposes of the foregoing section.

(9) References in this section to the expenditure per head of population of the group as a whole are references to the aggregate of the expenditures of each of the local authorities comprised in the group divided by the aggregate of the numbers of the population of the area of each of those authorities.

(10) References in this section to local authorities or to county councils do not include references to the London County Council.

7.—(1) If the Minister is satisfied, as respects the councils of county districts in any county, that the part of their expenditure, as ascertained for the purposes of Rate-deficiency Grant, which is attributable to expenditure of the county council for special county purposes bears such a proportion to the whole of their expenditure as so ascertained that the provisions relating to that Grant will not apply equitably in relation to the county without modification, the Minister may make a scheme for applying those provisions with such modifications as may be specified in the scheme.

Modification for special cases of provisions as to Rate-deficiency Grants.

(2) Any scheme under this section may be varied or revoked by a subsequent scheme made by the Minister.

## PART I

Amendment  
of s. 10 of  
Act of 1948.

*Amendments as to London rate equalisation*

8. In subsection (1) of section ten of the Act of 1948 (which provides for the annual payment by the London County Council to the councils of the metropolitan boroughs mentioned in subsection (2) of that section of such sums as may be prescribed by a scheme) for the words from “the councils” to “by a scheme” there shall be substituted the words “such local authorities in the administrative county as may be determined by or under a scheme”, and at the end of the subsection there shall be added the words “such sums as may be so determined in relation to those authorities respectively.”.

*Rating: industrial and freight-transport hereditaments*

Rating of  
industrial and  
freight-  
transport  
hereditaments.

9.—(1) For the year 1959-60 and subsequent years the fraction of net annual value by reference to which the rateable value of an industrial hereditament or of a freight-transport hereditament is to be ascertained shall be doubled, and accordingly subsection (1) of section sixty-eight of the Local Government Act, 1929, shall have effect in relation to those years with the substitution for the words “one-quarter”, wherever they occur, of the words “one-half”.

(2) Subsection (7) of section one of the Act of 1955 (which provides that where, in the year in which a new valuation list comes into force, a proposal is made in certain circumstances to reduce the value of a hereditament, the rates for any year recoverable until the proposal has been settled shall not exceed the amount levied on the hereditament for the last year before the new list came into force) shall have effect, in relation to rates leviable on industrial and freight-transport hereditaments for the year 1959-60 and subsequent years where the proposal was made in the year 1956-57, as if for the word “levied”, in the second place where it occurs, there were substituted the words “which would have fallen to be levied” and after the words “into force” there were added the words “if the rateable value, or so much thereof as fell to be ascertained by reference to a fraction of net annual value, had been twice what it was”.

(3) Where, on or after the first day of April, nineteen hundred and fifty-nine, an alteration having effect for a period preceding that date falls to be made in a valuation list with respect to an industrial hereditament or freight-transport hereditament, the alteration, so far as concerns rateable value, shall be made so as to indicate the value ascertained in accordance with subsection (1) of this section; but as respects any such period for which the alteration has effect the valuation list shall be deemed to indicate a rateable value ascertained by reference to net annual value in like manner as if subsection (1) of this section had not passed.

(4) In this section "industrial hereditament" and "freight-transport hereditament" have the same meanings as in the Local Government Act, 1929.

### *Rating of Gas and Electricity Authorities*

10.—(1) In respect of any rate period beginning after the thirty-first day of March, nineteen hundred and fifty-nine, a Gas Board or Electricity Board shall, notwithstanding anything in subsection (2) of section six of the Act of 1955 or in Part V of the Act of 1948, be liable to be rated in respect of any shop, room or other place occupied and used by the Board wholly or mainly for the sale, display or demonstration of apparatus or accessories for use by consumers of gas or, as the case may be, electricity; and accordingly any such place shall be rated for any such period, and shall be included in the valuation list in force during any such period for the rating area in which the place is situated, and in every rate made for any such period by the rating authority for that area.

Gas and  
Electricity  
Boards: rating  
of showrooms.

(2) In determining whether any place is wholly or mainly occupied and used as aforesaid use for the receipt of payments for gas or electricity consumed shall be disregarded.

(3) This section shall apply to any shop, room or other place in England occupied and used as aforesaid by the South of Scotland Electricity Board as it applies to a place so occupied and used by a Board constituted under the Electricity Act, 1947.

11.—(1) As respects each Gas Board, the Minister shall certify the amount estimated by him to be the aggregate of the net annual values on the first day of April, nineteen hundred and fifty-nine, of all premises in respect of which the Board will on that day become liable to be rated by virtue of the provisions of the foregoing section; and—

Rateable value  
of Gas Board  
hereditaments.

(a) for the year 1959-60, sub-paragraph (3) of paragraph 4 of the Third Schedule to the Act of 1955 (which provides for the apportionment among rating areas of the adjusted basic total of rateable values of a Gas Board) shall have effect as if the amount required to be apportioned thereunder were the basic total of rateable values of the Board, as adjusted for that year, reduced by the amount so certified;

(b) for subsequent years, the said paragraph 4 shall have effect as if the basic total of rateable values of the Board, as certified under paragraph 2 of the said Third Schedule, had been the amount apportionable under the said paragraph 4 for the year 1959-60.

(2) In the application of the said paragraph 4 to the year 1960-61 and subsequent years the standard number of therms

PART I  
—cont.

of a Gas Board, instead of being the number certified under paragraph 3 of the said Third Schedule, shall be the number certified by the Board to be the total number, as estimated by the Board, of therms in the gas supplied by them in the year 1957-58 to consumers in their area.

(3) In estimating, for the purposes of the foregoing subsection or of any adjustment to be made by reference to the standard number of therms fixed under the foregoing subsection, the number of therms in the gas supplied by a Gas Board in any year, there shall be deducted one half of the number of therms in any gas purchased by the Board in that year.

(4) As respects the making and levying of rates for any rate period beginning after the thirty-first day of March, nineteen hundred and fifty-nine,—

(a) gas produced by a Gas Board by the application, to gas purchased by the Board, of any process not consisting only of purification or blending with other gases, or both, shall be treated for the purposes of the Act of 1955 as gas manufactured by the Board, and the reference in subsection (1) of section six of that Act to the manufacture of gas shall be construed accordingly ;

(b) in estimating for the purposes of sub-paragraph (3) of paragraph 4 of the Third Schedule to the Act of 1955 the number of therms manufactured by a Gas Board, the number of therms in gas produced by the Board as aforesaid shall be treated as half the actual number thereof.

(5) If it appears to the Minister that by reason of any substantial change of circumstances it is expedient so to do, he may, by order made after consultation with the Gas Council and with such associations of local authorities as appear to him to be concerned, and with any local authority with whom consultation appears to him to be desirable, vary for all Gas Boards the amount of the basic total of rateable values ; but an order under this subsection shall not have effect until approved by a resolution of each House of Parliament.

Any order under this subsection may be varied or revoked by a subsequent order made in the like manner and subject to the like provisions.

(3) Subject to compliance with the foregoing subsection, the Minister may if he thinks fit by order give effect to the proposals of the Commission either as submitted to him or with modifications; and any such order shall be laid before Parliament after being made, together with the report of the Commission.

- (a) that the proposals submitted by the Commission are not, either as submitted or subject to modifications, apt for the purpose of securing the effective and convenient organisation of local government in the area reviewed, and that provision is required for that purpose, or

- (b) that it is expedient that any particular provision should be made for that purpose, and that notwithstanding any proposals submitted by the Commission and his powers of modifying such proposals he has no power apart from this section to make that provision,

the Minister may make proposals for the said provision.

(2) If, in a case where the Commission have notified the Minister that they have no proposals to put forward, the Minister is of opinion after consideration of the report of the Commission and of any representations made to him by any local or public authority or member of the public and after consultation with all local authorities in the area to which the review related, that provision is required for the purpose of securing the effective and convenient organisation of local government in the area reviewed, the Minister may make proposals for the said provision.

(2) If for the purposes of their review of a special review area it appears to the Commission expedient that the whole or any part of a county district adjoining the special review area, or of the remainder of a county district part of which is in that area, should be treated as if it were comprised in that area, they may after consultation with the councils of the county and of the

(3) Sections twenty-three and twenty-four of this Act shall have effect in relation to proposals made by virtue of the foregoing provisions of this section as if those sections, instead of providing for giving effect to proposals with or without modifications, provided respectively for approving and affirming proposals with or without modifications, and the provisions of the Sixth Schedule to this Act shall have effect in relation to such proposals.

(4) Without prejudice to subsection (2) of this section, where it appears to the appropriate Minister that in consequence of the provisions of any order made or to be made on any review held by the Commission (whether of a special review area or

PART II

(5) For any subsequent year the basic value of an Electricity Board shall be its share of the basic electricity rateable value adjusted as hereinafter mentioned by reference to the excess or deficiency of the Board's output, as calculated and certified by the Board, in the twelve months ending with the thirty-first day of December falling next but one before the beginning of the year for which the basic value is being ascertained, as compared with the Board's standard output, as hereinafter defined.

(6) The adjustment mentioned in the foregoing sub-paragraph shall be effected by multiplying the Board's share of the basic electricity rateable value by the fraction of which the numerator is the Board's standard output increased by one-fifth of the excess mentioned in the foregoing sub-paragraph or, as the case may be, decreased by one-fifth of the deficiency therein mentioned, and the denominator is the Board's standard output.

(7) For the purposes of the foregoing sub-paragraph the standard output of the Generating Board is the output of the Central Electricity Authority in the twelve months ending with the thirty-first day of December, nineteen hundred and fifty-seven, as calculated and certified by the Generating Board, and the standard output of any Area Board is the output of that Board in that twelve months, as calculated and certified by that Board; and for the purposes of this paragraph "output"—

- (a) in relation to the Central Electricity Authority or the Generating Board, means the total number of units of electricity supplied by the Authority or Board to Area Boards or direct to consumers in England and Wales;

(b) in relation to an Area Board, means the total number of units of electricity purchased or generated by the Board for supply direct to consumers, together with the estimated number of units of electricity supplied by the South of Scotland Electricity Board direct to consumers in the area of the Area Board, as certified by the South of Scotland Electricity Board.

(8) If it appears to the Minister that by reason of any substantial change of circumstances it is expedient so to do, he may by order made after consultation with the Electricity Council and with such associations of local authorities as appear to him to be concerned, and with any local authority with whom consultation appears to him to be desirable, vary the amount which for the purposes of this Schedule is to be the basic electricity rateable value, but an order under this sub-paragraph shall not have effect until approved by a resolution of each House of Parliament.

Any order under this sub-paragraph may be varied or revoked by a subsequent order made in the like manner and subject to the like provisions.

5.—(1) For the purposes of this Schedule an Electricity Board shall be treated, as respects any year, as carrying on generating activities, or carrying on such activities in a particular area, if (but only if) on the thirty-first day of March falling next but one before the beginning of that year there was a generating station in commission for operation by the Board, or as the case may be, there was a generating station in commission as aforesaid in that area.

(2) For the purposes of this Schedule the generating capacity or aggregate generating capacity of an Electricity Board for any year shall be taken to be the installed capacity or aggregate installed capacity, that is to say the maximum amount of electricity, as certified by the Board, capable of being generated in the station or stations in question at the thirty-first day of March falling next but one before the beginning of that year; and the said maximum amount shall be certified on the footing that all generators which were installed at any thirty-first day of March were capable of being fully used at that time.

(3) For the purposes of this Schedule a generating station situated partly in one rating area and partly in one or more other rating areas shall be treated as situated in each of the areas and its generating capacity, on any date, shall be treated as apportioned between the areas in such manner as may be agreed between the rating authorities of the areas and the Electricity Board.

(4) If the apportionment required by the foregoing sub-paragraph has not been agreed before the end of the month of September following the date as at which it is to be made, it shall be made by the Minister and notified by him to the rating authorities and the Board as soon as may be after the end of that month.

(5) For the purposes of this Schedule any group of premises lying within one curtilage and occupied for the purposes of the generation of electricity shall be treated as one generating station; and a group

of premises shall not be treated as not lying within one curtilage by reason only that it is traversed by a public highway or inland waterway.

2ND SCH.  
—cont.

6.—(1) For the purposes of this Schedule the aggregate net annual value of a rating area for any year shall be taken to be the aggregate, as estimated and certified by the Commissioners of Inland Revenue (hereinafter referred to as “the Commissioners”) of the rateable value (or, where that value differs from the net annual value, of the net annual value) of every hereditament the rateable value of which appears in the valuation list for the area on the first day of April in the preceding year, other than any hereditament so appearing in pursuance of section twelve of this Act or section six of the Act of 1955, and of the values appearing to the Commissioners to represent the net annual values of hereditaments occupied by or on behalf of the Crown.

(2) For the purposes of this Schedule the aggregate net annual value for any year of the area of an Electricity Board, or of any part of a rating area of which part only is comprised within the area of an Electricity Board, shall be ascertained by such aggregation or apportionment as may be required; and any apportionment under this sub-paragraph shall be made, and the result thereof certified, by the Commissioners.

Provided that if the year referred to in sub-paragraph (b) of this paragraph is a year beginning with the date on which a new valuation list for that area comes into force, that sub-paragraph shall not apply, but the valuation officer shall include the Board in the list as the occupiers of a hereditament of the said rateable value.
