**Article 1.**

The pictograms, referred to in article 5, § 3, third section of the Act governing the installation and the use of surveillance cameras, hereafter “the Act”, as well as the pictograms referred to in article 6, § 2, third section of the Act, placed at the entrance of an enclosed area accessible to the public, the entrance of which is not demarcated by an immovable edifice, meet the following requirements:

1° they are the size 0,60 x 0,40 m;

2° they meet the requirements of the model and the colours of the model enclosed as annex to this Royal Decree;

3° they consist of one single aluminium plate at least 1,5 mm thick.

If the entrances cannot be distinguished in an unenclosed area, the data controller shall determine the places where the pictograms referred to in article 5, §3, third section of the Act, shall be fixed in order to ensure a degree of accessibility to the information.

**Article 2.**

The pictograms referred to in article 6, § 2, third section of the Act, placed at the entrance of an enclosed area accessible to the public, the entrance of which is demarcated by an immovable edifice, meet the requirements referred to in article 1 of this Royal Decree or the following requirements:

1° they are the size 0,297 x 0,21 m or 0,15 x 0,10 m;

2° they meet the requirements of the model and the colours of the model enclosed as annex to this Royal Decree;

3° they consist of one single aluminium plate at least 1,5 mm thick or of a plasticized sticker.

The data controller must ensure that the chosen model of pictogram conveys with certainty the information in a visible manner, taking into account amongst other things the width and the size of the entrance and, possibly, the number of affixed pictograms.

**Article 3.**

The pictograms referred to in article 7, §2, fourth section of the Act meet the requirements referred to in articles 1 or 2 of this Royal Decree, or the following requirements

1° they are the size 0,15 x 0,10 m;

2° they meet the requirements of the model and the colours of the model enclosed as an annex to this Royal Decree;

3° they consist of one single aluminium plate at least 1,5 mm thick or of a plasticized sticker.

The data controller must ensure that the chosen model of pictogram conveys with certainty the information in a visible manner, taking into account, amongst others, the width and the form of the entrance and possibly, the number of affixed pictograms.

**Article 4.**

Moreover, on the pictograms referred to in the article 1 to 3 of this Royal Decree, or on an affixed support, the following text must be mentioned in a visible and legible manner:

1° “Camera Surveillance – Act of 21 March 2007”;

2° the name of the physical person or the legal entity that is the data controller and, as the case may be, his/her representative with whom the data subjects can exercise the rights referred to in the articles 10 and 12 of the Act of
