DECISION

Decisions of the tribunal

- (1) The tribunal grants dispensation under section 20ZA of the Landlord and Tenant Act 1985 (“the 1985 Act”) in respect of the following works (“the Qualifying Works”) at 29 Tanza Road, London NW3 2UA (“the Building”):
 - (a) Erect scaffolding to cover the front of the Building;
 - (b) Remove and dispose of all guttering from the front of the Building;
 - (c) Supply and fit approximately 10m of cast iron 6”x4” Ogee guttering and all necessary brackets;
 - (d) Supply and fit approximately 4m of cast iron 5”x4” Ogee guttering and all necessary connectors and brackets; and
 - (e) Take down scaffolding.
- (2) No terms are imposed on the grant of dispensation.

The application

1. The tribunal received an application for dispensation under section 20ZA of the 1985 Act, dated 10 October 2014
2. Directions were issued on 17 October 2014. These provided that the case be allocated to the paper track, to be determined upon the basis of written representations. None of the parties has objected to this allocation or requested an oral hearing. The paper determination took place on 18 November 2014.
3. The Applicant supplied the tribunal with a bundle of relevant documents in accordance with paragraph 8 of the directions. This included copies of the original application, the directions, the Applicant’s statement of case and legal submissions and a sample lease.
4. The relevant legal provisions are set out in the Appendix to this decision.

The background

5. The Building is a converted house, comprising of 4 flats. The Applicant is the freeholder of the Building and the Respondents are the leaseholders of the Flats.

6. The Applicant seeks prospective dispensation in relation to the Qualifying Works, which are said to be urgent.
7. The grounds of the application were set out in the original application form and in the Applicant's statement of case and legal submissions. They can be summarised as follows:
 - (a) The leaseholder of Flat A discovered that the front section of the existing cast iron guttering at the Building had fallen into the garden on 25 September 2014. The managing agents (Islington Properties Limited) instructed a contractor to investigate, who confirmed that the only way to access the guttering was via a scaffold.
 - (b) The section of guttering that fell was extremely heavy and could have hit a resident or visitor at the Building. The remaining sections are unstable and could fall at any time.
 - (c) The Building is four-storeys high and the guttering can only be accessed via scaffolding. If further sections fall then this could cause serious harm or be fatal, given the height of the building and the weight of the guttering.
 - (d) The height of the Building means that temporary safety measures cannot be put in place.
 - (e) The Applicant is responsible for the maintenance and repair of the guttering, pursuant to clause 4(3)(A) of the leases.
 - (f) IPL served notice of intention on the Respondents on 10 October 2014. The Applicant seeks dispensation upon the grounds that the Qualifying Works are urgent, given the safety risks posed by the remaining sections of the guttering.
8. Paragraph 7 of the directions required the Respondents to complete and file response forms with the tribunal, indicating whether they supported the application. The leaseholders of two of the flats have indicated their support. None of the Respondents has opposed the application, identified any prejudice or proposed any terms as a condition of granting dispensation.

The tribunal's decision

9. The tribunal grants the application for dispensation under section 20ZA of the 1985 Act, in respect of the Qualifying Works. No terms are imposed on this grant of dispensation.

Reasons for the tribunal's decision

10. The Qualifying Works are urgent, given that the remaining sections of guttering are unstable. They pose a substantial risk to all residents and visitors at the Building. Embarking upon a full consultation exercise will take 3 months or longer and the Qualifying Works cannot wait that long.
11. The only leaseholders that have responded to the application have all given their support. There have been no objections and none of the Respondents has suggested that they will be prejudiced if dispensation is granted. Furthermore, none of the Respondents has suggested that any terms should apply to the grant of dispensation.
12. Having regard to the particular facts of this case it is reasonable to dispense with the consultation requirements for the Qualifying Works. However nothing in this decision prevents the Respondents from seeking a determination of their liability to contribute to the cost of the Qualifying Works, pursuant to section 27A of the 1985 Act, should they wish to do so.

- (a) the person by whom it would be payable,
 - (b) the person to whom it would be payable,
 - (c) the amount which would be payable,
 - (d) the date at or by which it would be payable, and

- (6) Where an appropriate amount is set by virtue of paragraph (a) of subsection (5), the amount of the relevant costs incurred on carrying out the works or under the agreement which may be taken into account in determining the relevant contributions of tenants is limited to the appropriate amount.
- (7) Where an appropriate amount is set by virtue of paragraph (b) of that subsection, the amount of the relevant contribution of the tenant, or each of the tenants, whose relevant contribution would otherwise exceed the amount prescribed by, or determined in accordance with, the regulations is limited to the amount so prescribed or determined.]

Section 20B

- (1) If any of the relevant costs taken into account in determining the amount of any service charge were incurred more than 18 months before a demand for payment of the service charge is served on the tenant, then (subject to subsection (2)), the tenant shall not be liable to pay so much of the service charge as reflects the costs so incurred.
- (2) Subsection (1) shall not apply if, within the period of 18 months beginning with the date when the relevant costs in question were incurred, the tenant was notified in writing that those costs had been incurred and that he would subsequently be required under the terms of his lease to contribute to them by the payment of a service charge.
