LOPES

DB: You are from a very hard working family, and you have let them down you also let down the large hard working honest community from your native Island and from other parts of Portugal, who are helping in this Island, and whom we have welcomed over the years, I hope you realise you have let them all down, you have been a disgrace to them, you and these other people went out on a rampage that is the right description, you have no regard for the rights of other people, you helped yourself to cars and you did exactly as you liked, it's time you learned a bit of discipline and you learn that at Borstal the conclusions are granted and you will not be allowed to drive for 18 months.
