Police Court Appeal: Mark Benjamin Chadwick

THE BAILIFF: We are grateful to Counsel for taking us through this case. We have learned some interesting points owing to the fact that there was a mis-apprehension, which is easy enough to understand, and your client Mr. ~~Herbert~~ might be left with a sense of injustice if we did not apply our minds to the appropriate penalty with the facts now before us. We nevertheless think that there are no grounds for us to interfere with the Magistrate's discretion in imposing a period of disqualification and we going to substitute a disqualification of three months.

Legal aid costs.
