DECISION

Background

- 1. This matter arises out of the Applicant's claim to acquire the freehold of the subject premises from the Respondent. The Notice of Claim is dated 21 August 2014. The Counter-notice is dated 29 October 2014. That notice admits the right to collective enfranchisement but disputes the premium payable (premium now agreed but not paid).
- 2. The costs demanded by the Respondent's solicitors amount to £5479.60 including Surveyor's fees of £1150.

The Application

3. The Applicant's application to this tribunal is dated 6 January 2016. Following directions given on the application, both parties filed Statements of Case. The Applicant requested a hearing for the determination.

Decision

4. We summarise the disputed costs and our decisions in the table below.

Item	Minutes	Description of work and our decision
No:	charged	
1	78	Perusing initial instructions:
	1	The objection was to the claim of 30 minutes for
		letters received, it is usual for that cost to be
		subsumed into the costs of the letters in reply.
		We agree that is it not reasonable to charge for
		letters in this way and the cost is disallowed.
2	150	Instructions to surveyor:
		The objection to this is that it is simply excessive.
		We agree, there is nothing in this property and the
		notice that would justify the time taken. The
		minutes allowed are reduced to 30.
3	60	Liaising with landlord:
		The objection was that there appeared to be
		overlap on the detailed breakdown of costs
		provided by the landlord's solicitor.
		We agree, there does appear to be duplication. We
[()	disallow the costs of this time.
4	60	Review of valuation:
		The objection to this is that it is simply excessive.
	(0	We agree, the time allowed is 48 minutes.
5	60	Preparation of counter-notice:
		The objection was that this time was excessive for
		such a straightforward document.
6	040	We agree, 48 minutes is allowed.
6	318	Issue on roof space:

1		The objection was that there was no counter- proposal in the Counter-notice on this issue and the matter was therefore not in issue. The only point on roof space was valuation. We agree, the time on this is disallowed in total.
7	198	Liaising with landlord as to valuation of loft space: The above point was repeated as the objection. We agree, time disallowed.
8	Surveyor's costs	Surveyor's costs: These were surveyor's costs contained in a separate bill from the Surveyor which stated that it was in respect of negotiations. We do not accept the Respondent's explanation that this is part of the original valuation fee. The invoice is plain on its face that it relates to negotiations. The cost is disallowed.

5. We conclude therefore that the costs payable by the Applicant are limited to £2,369.40 including solicitor's and valuer's costs and disbursements and VAT.
