Decision (including any steps ordered)

1. The complainant requested information from Ceredigion County Council ("the Council") relating to the A475 road in Llandyfriog. By the date of this notice the Council had not issued a substantive response to this request.
2. The Commissioner's decision is that the Council has failed to respond to the request within 20 working days and has therefore breached regulation 5(2) of the EIR.
3. The Commissioner requires the Council to take the following steps to ensure compliance with the legislation.
 - Issue a substantive response to the request in accordance with its obligations under the EIR.
4. The Council must take these steps within 35 calendar days of the date of this decision notice. Failure to comply may result in the Commissioner making written certification of this fact to the High Court pursuant to section 54 of the Freedom of Information Act and may be dealt with as a contempt of court.

Request and response

5. On 7 December 2021, the complainant made the following request for information to the Council:

"My request for information is with regard to a section of the A475 road at the village of Llandyfriog near Newcastle Emlyn.

Temporary traffic lights have been deployed at this location for some considerable time, with a section of the L/H carriageway westbound coned off.

Would you advise what is the nature/reason for the above, and what is the current status of this site, in terms of remedial plans, funding and envisaged time scale to complete and fully reopen the road?"
6. The Council acknowledged the request on the same date. To date, a substantive response to the request has not been issued.

Scope of the case

7. The complainant contacted the Commissioner on 26 May 2022 to complain about the Council's failure to respond to this request.
8. The Commissioner contacted the Council on 8 June 2022 reminding it of its responsibilities and asking it to provide a substantive response to the complainant within 10 working days.
9. Despite this intervention the Council has failed to respond to the complainant.
10. The scope of this notice and the following analysis is to consider whether the Council has complied with regulation 5(2) of the EIR.

Reasons for decision

11. Regulation 5(1) of the EIR states that:

"a public authority that holds environmental information shall make it available on request."
12. Regulation 5(2) of the EIR states that:

"Information shall be made available under paragraph (1) as

soon as possible and no later than 20 working days after the date of receipt of the request.”

13. From the evidence provided to the Commissioner in this case, it is clear that the Council did not deal with the request for information in accordance with the EIR. The Commissioner’s decision is that the Council has breached regulation 5(2) by failing to respond to the request within 20 working days and it is now required to respond to the request in accordance with the EIR.
