

Freedom of Information Act 2000 (FOIA)

Decision notice

Date: 23 June 2023

Public Authority: NHS England
Address: Quarry House
Quarry Hill
Leeds
LS2 7UE

Decision (including any steps ordered)

1. The complainant requested correspondence between particular parties relating to Palantir Technologies. By the date of this notice NHS England had not issued a substantive response to this request.
2. The Commissioner's decision is that NHS England has breached section 10(1) of FOIA in that it failed to provide a valid response to the request within the statutory time frame of 20 working days.
3. The Commissioner requires NHS England to take the following step to ensure compliance with the legislation.
 - NHS England must provide a substantive response to the request in accordance with its obligations under FOIA.
4. NHS England must take this step within 35 calendar days of the date of this decision notice. Failure to comply may result in the Commissioner making written certification of this fact to the High Court pursuant to section 54 of FOIA and may be dealt with as a contempt of court.

Request and response

5. On 11 April 2023, the complainant wrote to NHS England and requested information in the following terms:

"I would like to request the following information:

- A copy of all emails between members of the NHS executive group and Baroness Blackwood where any one of the following are mentioned in the email: "Palantir" ; "Louis Mosley" ; or "Global Counsel".
- A copy of all emails between members of the NHS executive group and Baroness Blackwood where a company email address for Palantir Technologies is also listed as a recipient of the emails.
- For both FOI requests, the date range should be from April 1st 2018 to April 11 2023. Please include all responses in the email chain.

Please provide the information in an electronic format."

6. To date a substantive response has not been issued.

Reasons for decision

7. Section 1(1) of FOIA states that:

"Any person making a request for information to a public authority is entitled –

(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and

(b) if that is the case, to have that information communicated to him."

8. Section 10(1) of FOIA states that a public authority must respond to a request promptly and "not later than the twentieth working day following the date of receipt".
9. On 8 June 2023 the Commissioner wrote to NHS England, reminding it of its responsibilities and asking it to provide a substantive response to the complainant's request within 10 working days.

10. Despite this intervention NHS England has failed to respond to the complainant.
11. From the evidence provided to the Commissioner in this case, it is clear that NHS England did not deal with the request for information in accordance with FOIA. The Commissioner finds that NHS England has breached section 10(1) by failing to respond to the request within 20 working days and it is now required to respond to the request in accordance with FOIA.
