Decision (including any steps ordered)

1. The complainant requested information about total NHS payments and deductions to GP practices in 2022-23. By the date of this notice the partners of Mount Pleasant Medical Centre ("the Surgery") had not issued a substantive response to this request.
2. The Commissioner's decision is that the Surgery has breached section 10(1) of FOIA in that it failed to provide a valid response to the request within the statutory time frame of 20 working days.
3. The Commissioner requires the Surgery to take the following step to ensure compliance with the legislation.
 - The Surgery must provide a substantive response to the request in accordance with its obligations under FOIA.
4. The Surgery must take this step within 35 calendar days of the date of this decision notice. Failure to comply may result in the Commissioner making written certification of this fact to the High Court pursuant to section 54 of FOIA and may be dealt with as a contempt of court.

Request and response

5. On 28 April 2023, the complainant wrote to the Surgery and requested information in the following terms:

"Dear Mount Pleasant Medical Centre,

In Financial Year 2021-22 Total Payments and Deductions were as below:

Total NHS Payments to General Practice (excluding PCN and Covid-19 payments) £2046541.20

Deductions for Pensions, Levies and Prescription Charge Income £(-219220.55)

Please provide this data for Financial Year 2022-23 as above"

6. To date, a substantive response has not been issued.

Reasons for decision

7. Section 1(1) of FOIA states that:

"Any person making a request for information to a public authority is entitled –

(a) to be informed in writing by the public authority whether it holds information of the description specified in the request, and

(b) if that is the case, to have that information communicated to him."

8. Section 10(1) of FOIA states that a public authority must respond to a request promptly and "not later than the twentieth working day following the date of receipt".
9. On 13 June 2023 the Commissioner wrote to the Surgery, reminding it of its responsibilities and asking it to provide a substantive response to the complainant's request within 10 working days.
10. Despite this intervention, the Surgery has failed to respond to the complainant.
11. From the evidence provided to the Commissioner in this case, it is clear that the Surgery did not deal with the request for information in

accordance with FOIA. The Commissioner finds that the Surgery has breached section 10(1) by failing to respond to the request within 20 working days and it is now required to respond to the request in accordance with FOIA.
