

PATENTS ACT 1977

IN THE MATTER OF an application under
Section 13(1) by Arthur Robert Bailey in respect
of Patent Nos 2292533 and 2308315 in the name
of United Wire Limited

DECISION

The Forms 7/77 filed for these two patents each named two inventors, Gordon James Cook and Andrew Hughes. Grant of the patents was advertised in the Patents and Designs Journal of 21 January 1998.

Mr Bailey has now applied in accordance with Section 13(1) of the Act in respect of both patents to be mentioned as a joint inventor together with these inventors.

United Wire Limited, Gordon James Cook and Andrew Hughes have each confirmed in writing that they support Mr Bailey's request to be named as a joint inventor. I therefore conclude that all relevant parties agree that Mr Bailey was a joint inventor.

Accordingly I direct in accordance with Rule 14(5) that, for each patent, an addendum mentioning him as an inventor be prepared for the published application and for the granted patent.

Signed this 25th day of February 1998
