PROCEEDINGS

Application under section 72 of the Patents Act 1977 in  
respect of patent number GB 2381859

HEARING OFFICER

**DECISION**

1. The applicants for revocation now state that they no longer wish to pursue the application. They have also withdrawn an application under Section 71(1) for a declaration of non-infringement of the patent.
2. In order to meet the issues raised, the proprietors have submitted proposals for amendment of the specification. The proposed amendments are shown in a copy of the printed specification annexed to this decision. The amendments have been advertised: although the applicants for revocation gave notice of opposition to the amendments they have withdrawn their opposition.
3. The amendments are such as may lawfully be made in these proceedings. Having now considered the objections raised by the applicants for revocation, I decide to allow the specification to be amended in the manner shown in the said copy of the printed specification and make no order for revocation of the patent.
