

PATENTS ACT 1977

PARTIES Neurocrine Biosciences, Inc, Kyle W. Gano & Nicole

Harriott

ISSUE Mention of an additional inventor for patent number

EP2081929

HEARING OFFICER Joanne Roberts

DECISION

- 1 Neurocrine Biosciences Inc, the patent proprietor, filed an application in accordance with rule 10(2) of the Patents Rules 2007 to the effect that Nicole Harriott should be mentioned as a joint inventor.
- David L Bradfute of Neurocrine Biosciences Inc, Kyle W. Gano and Nicole Harriott subsequently filed written consent in support of the application. As such the application is treated as unopposed. I therefore conclude that Nicole Harriott should be named as a joint inventor, along with Kyle W Gano.
- Accordingly I find that Nicole Harriott should be mentioned as a joint inventor in the granted patent for the invention. I therefore direct, in accordance with rule 10(1), that an addendum slip mentioning Nicole Harriott as a joint inventor be prepared for the granted patent for the invention.
